

2023 / 2024 Non-GMO Soybean Program Signup

PRODUCER INFORMATION

Producer Name _____

Address: _____

City, State: _____ Zip Code: _____

Cell Phone: _____

E-mail: _____

PROGRAM CRITERIA

Signing this document indicates acknowledgement of the following criteria:

- 1.) Soybeans delivered as IP Non GMO soybeans must pass testing for purity and grade quality to qualify for premium.
- 2.) The delivery will likely be to Canton, MO and Warsaw, IL **subject to buyer's call**. Shipment window subject to change is OCT 1, 2023 - July 31, 2024.
- 3.) In order to avoid penalty, planting shortfalls must be reported by June 1st 2023 and expected production shortfalls must be reported by September 1st 2023.
- 4.) Program participation is subject to space and availability
- 5.) I.P. Non-Gmo soybeans are not to be treated with any chemicals post-harvest.
(This includes any bin treatment options without first confirming with UFC.)
- 6.) If it is found you have **knowingly and repeatedly** delivered contaminated soybeans under the guise of IP non GMO soybeans, you will be excluded from this program and subject to exclusion from any other I.P. program involving Ursa Farmers Cooperative.
Fraudulent activities will result in surrendering of the premium.
- 7.) Ursa Farmers reserves the right to change program conditions as deemed necessary
